Tampa, Fla. – More than 5,000 Hillsborough County residents completed the 2019 Community Health Needs Assessment (CHNA). The Florida Department of Health in Hillsborough County, along with AdventHealth, BayCare, Johns Hopkins All Children’s Hospital, Moffitt Cancer Center, Suncoast Community Health Centers, Tampa Family Health Centers, and Tampa General Hospital collaborated to be sure the voices of our county residents were heard through the CHNA survey.

The findings for Hillsborough County will be presented between 9 a.m. and 2 p.m. on Wednesday, July 24, at the George M. Steinbrenner Field. The address is 1 Steinbrenner Drive in Tampa.

Those who attend will have an opportunity to engage in focus group discussions and help decide which health issues should be prioritized over the next three to five years.
