Begin Your Career in Public Health

Seeking an opportunity to start a new career or enhance your professional development? Join our talented workforce to fulfill your professional goals and achieve a meaningful career in public health. Our skilled and dedicated team works hard to protect, promote, and improve the health of Hillsborough County, and you too, can realize success at the Florida Department of Health in Hillsborough County.

The Florida Department of Health in Hillsborough County offers a wide range of career opportunities for people who have a passion for public service.

The Florida Department of Health (DOH) is responsible for the health and safety of all citizens and visitors to the state. As a public health agency, the DOH must monitor the health status of Floridians, diagnose and investigate health problems, and mobilize local communities to address health-related issues.

The DOH develops policies and plans that support health goals, enforce laws and regulations that protect the health of all residents and visitors, and link people to needed health services. The Florida Department of Health also provides specialized assistance to pregnant women, infants, and children with special health care needs.

Mission: To protect, promote and improve the health of all people in Florida through integrated state, county, and community efforts
