## Begin your career in public health

Seeking an opportunity to start a new career or enhance your professional development? Join our talented workforce to fulfill your professional goals and achieve a meaningful career in public health.

Our skilled and dedicated team works hard to protect, promote, and improve the health of Hillsborough County.

The Florida Department of Health (DOH) is responsible for the health and safety of all Florida's citizens and visitors. As a public health agency, DOH monitors the health of Floridians, diagnoses and investigates health trends, and works with local communities to address health-related issues.

DOH develops policies and plans that support health goals, enforce laws and regulations that protect public health, and links people to health services. DOH also provides specialized assistance to pregnant women, infants, and children with special health care needs.
